“ Bernice, what a spit fire! She had a large loving family who always gathered together through the years, very tight! She was beautiful and loved her children so so much and her children loved her just as much. I am grateful to have known her and send my deepest sympathies to all of her family and kudos to Sharon Tindall Conner for her love and caring support for her mother in law in her final years on this earth. RIP sweet spit fire Bernice, we love you and you will be missed by all.

“ Ok. I was young. I thought I was bigger and badder than mom. I challenged her. She reciprocated by throwing me over shoulder in the Tindall acres house living room. I gained much respect for her that day at a very young age

“ My favorite memory is of my sweet mother-in-law dancing at the cracker house with no shoes on as she did always. This particular evening the bouncer walked up to her on the dance floor and told her she had to put her shoes on. She as a small petite person & looked up at him, he was a big tall guy and she told him he was not big enough to make her put her shoes on. My husband Roger stood by waiting for this guy to lay a hand on his mother which he never did & she kept dancing... Wasn't long before five, yes 5! Police cruisers pulled into the parking lot to bar her from the place. She walked out with her head held high and her shoes still in her hands. We have laughed about that for many years.

“ What an awesome memory,made me chuckle because I never dance with shoes on, we would have a good time together,wish I had met and danced barefoot with her. Dancing barefoot in heaven. Prayers and love to all.
