Dear Jay and Family,

We are so sorry for your loss. We loved Clarice like she was part of our family. We wanted to share some of our favorite memories of Clarice. Clarice and Charley were good friends with my grandma and grandpa. They sat with my my granny and grandpa every Sunday at church at the Elsworth Ward on the church ranch. Our family got to know Clarice when she moved in with my granny after Charley and my grandpa passed away. We were so grateful to have such a wonderful lady living with our mom and granny since we all lived in Tampa and Salt Lake City. When my granny moved in with my mom and me, Clarice would come to visit us in Tampa. That's when we really got to know Clarice. What a lady she was! She would talk about West Virginia and how much she loved her family and Sandy and Jay. She had great stories to tell. We liked to watch fun movies when she would come down. I remember one of her favorites was Happy Feet. Jay bought her a TV and video player for her house so she could watch her favorite movies. Jay is a great son to her and she appreciated all that he did for her. She would come stay with us during the holidays. That is when she taught me how to make pecan pies. Nobody could make a pecan pie like Clarice. All of our family in Tampa wanted Pecan Pies from Clarice for Christmas! She would come down early and we would be in the kitchen making pies. She also made the best cole slaw around. She tried to teach me how to make it, but, I never could get it like hers! Clarice liked to put jigsaw puzzles together and then turn them into pictures. She did alot of cat puzzles for my mom and one of Elvis for us. Clarice loved cats. She had a cat that would come up to her sliding glass door in her apartment. She wasn't supposed to feed it, but she did and they became fast friends. Her favorite cat that she had was Precious. Clarice was a woman of faith and courage. I grew to admire her so much for her wisdom and insight into life and all the things that she had seen and done in her life time. We could spend hours together just talking about life and solving the problems of the world. She always told me that things will work out fine the way that they should be and to have faith. Worry did not solve anything. She told me that i could call her Grandma and that became her name to me. Clarice also came and stayed with my mom to help her recover from orthopedic surgery and to get in and out of bed. That meant so much to our family. We saw her as a visiting angel! My mom and I got to visit her in September. It was obvious that she was one of the favorite residents because the staff and patients would come up to her and talk to her when we were in the dining room with her. She had big smiles and kind words for everybody there. One of the staff members told us that Clarice was her favorite. She was one of my favorites too! We had a great visit on the front porch that day. I will always remember hugging her goodbye and telling her that I loved her before we left to come home. She had a big smile on her face when we left. Clarice was a Christina woman of faith and believed that we are reunited with our loved ones and the Savior Jesus Christ when our time on earth is finished. I am sure that Clarice is with Charley and Sandy and the rest of her family and that there was a great family reunion when Clarice joined them last week on November 8, 2019. Our family loves her and knows that she is at peace and happy. She will be missed.

Love Sheryl and June.
