“ Harry had the best car! He was a real gentleman, respectful, kind, and thoughtful. He took a bunch of us to a music festival in Upper Bucks. We had so much fun. Thanks Harry, it was great to know you. Peace, Denise Mullin

“ Harry was a great man. He worked hard supported his family and had a wonderful retirement, the way it is suppose to be. I played golf, traveled and partied with him. He was a great traveler and hiker which was the best for all the Nation Parks and Reserves we toured. Always with his camera to get a good shot of beautiful area of our country and Europe. One time we were hiking through Arches National Park in Utah. We had already been out two or three hours hiking. I looked up at this large stone arch way up high above the huge rocks in front of us. I thought you could probably get a great picture of the whole area up there but I'm not climbing them rocks. I started filming with my movie camera and zoomed in on the huge stone arch, as I was panning across I saw something and zoomed in more. Of course it was Harry with his tripod and camera set up to get his picture up on top of all those huge rocks. He would cross streams holding his tripod and camera up high or just do what he had to to get a great picture. He would make dvds of his pictures on each or holiday and always give us one of course with label of what event. I played a lot of golf with him and we were about the same and it was always fun so many different. Courses. And of course a couple beers. It is so wonderful he enjoyed his retirement having fun. He will be missed by his family and many others. God Bless you Harry you are a great example of a hard working husband, father and fun loving friend. Scott Philpot

“ This is so special! Thank you for sharing these memories. We miss you Scott. So many terrific times together growing up with you and your family! He will be dearly missed by so many! He was the best Dad, Pop-Pop, Husband, Brother, Uncle, Golfer, craftsman, softball champion, and Friend. To me he will always be my biggest role model ever and I'm so very proud to call him Dad!

“ He was a fun and loving uncle. I remember fun times as a kid getting piggy back rides and teasing me by tugging on my pigtails. For many years, he and my aunt hosted our entire family every Thanksgiving in the gorgeous home they built in the countryside of Bucks County, Pa. He will be missed tremendously. Grateful for the memories and good times as a family

“ From the minute I met my husband Jack 8 years ago, he would talk about his friend Harry !! He would not only call him friend but “my idol” When I’d ask “who’s playing golf Thurs”? The first words out of his mouth was “Harry of course”!! When playing cards or dominos with Mary my friend and effervescent wife of Harry , not only did he ALWAYS win but all you could do was laugh about the loving banter between the two of them making the game and our time together all the more fun!! We went on vacation to the national parks, Harry would set up the tripod than run UP the mountain to be part of the picture!! It was an amazing site to see beside the beautiful pictures we would enjoy through the special lens of Harry’s vision!! We will miss you My husbands idol and “Our friend”
